- D. 1, 2, 8, 10, 11

Correct Answer: B

QUESTION 5

You are trying to save a custom log query in R77 SmartView Tracker, but getting the following error:

Could not save (Error: Database is Read Only)

Which of the following is a likely explanation for this?

- A. Another administrator is currently connected to the Security Management Server with read/write permissions which impacts your ability to save custom log queries to the Security Management Server.
- B. You do not have OS write permissions on the local SmartView Tracker PC in order to save the custom query locally.
- C. You have read-only rights to the Security Management Server database.
- D. You do not have the explicit right to save a custom query in your administrator permission profile under SmartConsole customization.

Correct Answer: C
