**QUESTION 1**

You execute this command to connect to an instance from a client on a different machine: No name servers are configured.

```
CONNECT username/password@net_service_name
```

Which two are true about net_service_name? (Choose two.)

- A. It must contain the address protocol for only one listener.
- B. It must contain only one address protocol for one listener.
- C. It must be defined in the tnsnames.ora file on the client side.
- D. It must be defined in the tnsnames.ora file on the server side.
- E. It must have the same name as the SERVICE_NAME defined in it.

Correct Answer: DE

QUESTION 2

Which two are true about Oracle Database Cloud Service (DBCS)? (Choose two.)

- A. Third-party tools can be used with database instances in the cloud.
- B. Oracle-supplied tools can be used with database instances in the cloud.
- C. Database instances in the cloud can be accessed only by using SSH.
- D. DBCS only creates compute nodes; the Oracle Database software must be installed and the database created.
- E. Database instances in the cloud can be accessed only by using Oracle*Net.

Correct Answer: BC

QUESTION 3

Which two are true about complete and incomplete recovery? (Choose two.)

- A. Uncommitted transactions will be rolled back after complete recovery completes.
- B. The database must have FLASHBACK enabled in order to perform incomplete recovery.
- C. Uncommitted transactions will be rolled back after incomplete recovery completes.

D. Incomplete recovery is possible only when the database is open.

E. Only incremental backups can be used to roll forward the database while performing complete recovery.

Correct Answer: AE

QUESTION 4

As the DBA, you execute this command:

```
GRANT SELECT ON hr.emp TO brown WITH GRANT OPTION;
```

BROWN then executes this command:

```
GRANT SELECT ON hr.emp TO scott WITH GRANT OPTION;
```

```
GRANT SELECT ON hr.emp TO scott WITH GRANT OPTION;
```

Which is true?

- A. You can revoke only WITH GRANT OPTION from BROWN.
- B. BROWN can revoke only WITH GRANT OPTION from SCOTT.
- C. When you revoke the SELECT privilege from BROWN, it is automatically revoked from SCOTT.
- D. When you revoke the SELECT privilege from BROWN, nothing is revoked from SCOTT.
- E. When you revoke the SELECT privilege from BROWN, only the WITH GRANT OPTION is revoked from SCOTT.

Correct Answer: B

QUESTION 5

Which two statements are true about Oracle Data Pump? (Choose two.)

- A. expdp and impdp are its client components.
- B. impdp always uses conventional path inserts when importing data.
- C. The DBMS_DATAPUMP package can be used only with Data Pump clients
- D. It cannot be used to export data as of a previous SCN.
- E. impdp can change target data file names, schemas, and tablespaces during import.

Correct Answer: AC
