**QUESTION 1**

Which two statements are correct for a Policy Automation project team?

A. It is common for the rule author to be the lead tester.

B. Subject matter experts may advise on policy interpretation, but they should not write the Policy Automation rules.

C. It is common for the rule author to create the interview screens.

D. The primary user of Policy Modeling on a project should be the technical developer.

E. Policy Automation projects must have multiple rule authors.

F. Policy Automation project teams typically include both technical and nontechnical roles.

Correct Answer: AC

**QUESTION 2**

You are asked to make a pdf-formatted form available for download at the end of an interview, containing all responses that the user provided during the interview.

Which three steps are required to accomplish this?

A. In the Interview tab, add a form control on the final screen.

B. Using labels and other controls, re-create the content of the form on the final interview screen.

C. Create a form template using BI Publisher containing values referenced from OPA.

D. Link to a pre-made pdf on the final screen of the interview, containing a list of all possible questions that may be posed in the interview.

E. Add names to the attributes you want to include in the form.

F. Add an upload control in your final interview screen.

Correct Answer: BCE

**QUESTION 3**

Which two statements about connectors and grouping operators are correct?

A. AND and OR connectors must always be on separate lines to the attributes they are connecting.

B. A rule may contain AND and OR connectors.

C. Grouping operators reduce ambiguity in rules.

D. The grouping operator sits at the same level as the conditions it is grouping.

E. The ALL grouping operator sits at the same level as the conditions it is grouping.

Correct Answer: AB

**QUESTION 4**

You are given the following source material.

"The store must comply with the working regulations which are as follows. Employees under the age of 16 on the date they joined the company must not work more than 20 hours in any week. All other employees must not work more than 48 hours in any given week, unless they have chosen to opt out of the Working Time Directive regulations. Note the option to opt out is not available to employees under the age of 21."

You have created a policy model from the above source material, and have created and used all of the attributes below. Your rules include an entity of "the employee".

Which four are the minimal set of input attributes?

A. the number of hours the employee has worked in the week

B. the employee was aged under 16 on the date they joined the company

C. the employee has worked more than 48 hours in the week

D. the interview is complete

E. the employee is eligible to opt out of the Working Time Directive regulations

F. the employee has opted out of the Working Time Directive regulations

G. the employee\\'s date of birth

H. the date the employee joined the company

I. the store compiles with the working regulations

Correct Answer: CEFGH

**QUESTION 5**

Your policy model has two entities: the applicant (Global) and the applicant\\'s income.

What type of relationship does the text "the applicant\\'s primary income" describe?

A. one-to-one

B. self-referential one-to-one

C. many-to-one

D. one-to-many

E. many-to-many

Correct Answer: A
