QUESTION 1

What is true about Iteration Plans in OUM Manage?

- A. They cover a single project.
- B. They focus on achieving iteration objectives and reducing risks
- C. They are flexible and can change at any time.
- D. They are used to plan the subsequent phase of the project.

Correct Answer: D

During each iteration, the current Iteration Plan is adjusted. Subsequent Iteration Plan is created prior to the iteration beginning.

Note:

*There are two plans active in the project at any given time ?the implementation plan and the iteration plan.

QUESTION 2

In OUM, what is true about planning?

- A. The plan for the first iteration of the Elaboration phase is drafted In the Inception Phase.
- B. The planning starts in the Inception Phase.
- C. The evolution plan is created in the Project Startup Phase.
- D. Planning is done in a top down approach.

Correct Answer: B

The overriding goal of the Inception phase is to gain concurrence among all stakeholders on the lifecycle objectives for the project. The Inception phase is critical for all projects because the scope of the effort, the high-level requirements, and the significant risks must be understood before the project can proceed. The Inception phase is used to kick off a project; review the strategic direction of the business; and confirm, document, and prioritize the high-level business requirements for the project. It is also the time to begin assembling and integrating the project team, to scope the entire engagement, and develop the initial project plan.

QUESTION 3
