**QUESTION 1**

Your client has chosen to use only the Course Credit - Manual transfer credit component rather than setting up transfer credit rules.

What impact will this have for students who want to enter new transfer credit information by using the Evaluate my Transfer Credit functionality in Self Service?

- A. Students will be able to enter transfer credit by using Evaluate my Transfer Credit, but only during the add/drop enrollment period.
- B. Students will be able to enter transfer credit by using Evaluate my Transfer Credit, but only for one defined external organization.
- C. Students will be unable to enter transfer credit by using Evaluate my Transfer Credit in Self Service because transfer credit rules are required.
- D. Students will be able to use Evaluate my Transfer Credit without restriction.
- E. Students will be able to enter transfer credit by using Evaluate my Transfer Credit, but only for specific courses that the client defines.

Correct Answer: B

QUESTION 2

Your client wishes to set up transfer credit so that a single incoming course can be awarded credit as two equivalent courses (that is, a MATH 101 transfers as MATH101A and MATH101B).

How would you accomplish this setup?

- A. Create two entries for the incoming course, transferring both to the equivalent courses.
- B. On the Transfer Subject Area page > Subject Area Elements tab, add two entries in the Internal Equivalent row to reflect both equivalent courses.
- C. On the Transfer Subject Area page > Subject Area Elements tab, select the Wildcard check box in the Incoming Course row.
- D. Transfer the incoming course to an internal course, and enroll the student in the other equivalent course by providing the appropriate credit amount.
- E. Enter a course attribute by specifying the source and transfer information for the equivalent courses.

Correct Answer: C

QUESTION 3

A student requests an official transcript in Self Service. What action must take place in order to generate and print the transcript?

- A. An administrative user must generate and print the existing transcript request either through Request Transcript Report or the Process Transcript component.
- B. The student can generate and print the transcript after the request has completed successfully.
- C. An administrative user must generate the request and the request will be completed in Self Service for the student to print.
- D. The student request process requests and generates the transcript, but it must be printed administratively.
- E. The administrative user is notified through the student request process and the administrative user must then request, generate, and print the transcript.

Correct Answer: B

QUESTION 4

Which four components are found on the menu CC_BIO_DEMO_DATA?

- A. VISA_PERMIT_PERS
- B. PHONE_PERS
- C. SCC_BIO_DEMO
- D. WORK_EXPERIENCE
- E. NAMES_PERS

Correct Answer: ABDE

QUESTION 5

What is the impact of using the menus in Campus Community with the word "Student" appearing after the menu title as against menus without "Student" (that is Service Indicators Student versus Service Indicators)?

- A. The "Student" menus search only through records of individuals added to the system as students.
- B. The "Student" menus limit the service indicators that can be assigned.
- C. The "Student" menus do not operate any differently than the menus without "Student" after the title.
- D. The "Student" menus limit the programs and plans that can be viewed.
- E. The "Student" menus can be used only by students.

Correct Answer: D
