QUESTION 1

Your client wants to set up the Academic Structure in such a way that all students in a particular academic career can enroll in classes within another academic career without error. How should this setup be completed?

A. Set all students with a default enrollment override for Career.

B. Create a career-specific enrollment permission list for each student.

C. Create a career pointer exception rule.

D. Instruct all administrative users to use the Career override on Quick Enroll.

E. Set up the appropriate Career Pointer on the Academic Career table.

Correct Answer: B

QUESTION 2

What would prevent a user from creating an applicant record in a particular program, plan, or subplan?

A. Last Admit Term for the program, plan, or subplan being less than or equal to Admit Term for the applicant record

B. Last Admit Term for the program, plan, or subplan being greater than Admit Term for the applicant record

C. The program, plan, or subplan being unavailable for the selected Admit Type

D. Last Admit Term not populated for the program, plan, or subplan

E. The program, plan, or subplan being unavailable for the selected Application Center

Correct Answer: D

QUESTION 3

When creating a new permission list for Records and Enrollment, which menu is selected for viewing and updating Student Enrollment?

A. DEFINE_STUDENT_RECORDS

B. MANAGE_ACADEMIC_RECORDS

C. TRACK_STUDENT_CAREERS

D. ENROLLMENT_MANAGEMENT

E. SA_LEARNING_MANAGEMENT

Correct Answer: E

QUESTION 4

What happens when the Academic Standing batch process is run multiple times in the same term?

A. The previous Academic Standing row for the term on the student\\\'s Term History screen is replaced by the new information.

B. The previous Academic Standing row for the term is replaced only if the Academic Standing value is different between the two process instances.

C. A new effective-dated row is inserted on the student\\\'s Term History record each time the process is run.

D. Academic Standing rules can be set up to either replace the existing row or insert a new row.

E. The previous Academic Standing row for the term is replaced only if the student originally had a punitive standing, such as Probation or Dismissal, and now has Good Standing.

Correct Answer: B

QUESTION 5

Your client needs to be able to delete applications in batch. Which three options reflect the menu, component, and additional OPRID security that your client requires in order to secure this page and have it execute correctly?

A. Symbolic ID

B. ADM_APP_DEL_BATCH

C. Navigator Home page

D. PROCESS_APPLICATIONS

E. Process Profile

Correct Answer: D
