QUESTION 1

Identify the three true statements about Dimension Associations in EPMA. (Choose three.)

- A. Dimension associations are used when a property in one dimension is associated with the members in another dimension.
- B. The Security Class dimension is associated with the Security Class property only in an Account and Entity.
- C. The Alias dimension is associated with the Alias property for Account, Entity, and Scenario dimensions.
- D. The Currency dimension is associated with the Currency property of the Account dimension.
- E. A Plug Account from the Account dimension can be associated with the Account dimension.

Correct Answer: ACD

QUESTION 2

How does the FM administrator manage the Intercompany Partner dimension?

- A. By selecting and deselecting the IsICP field on the entity member properties
- B. By selecting and deselecting the IsICP field on the account member properties
- C. It cannot be maintained by the administrator. FM automatically creates the ICP dimension to match all members in the Entity dimension.
- D. It cannot be maintained by the administrator. FM automatically creates the ICP dimension to match all members in the Account dimension.
- E. Using the Dimension editor in the same way as a custom dimension or Entity dimension

Correct Answer: A

QUESTION 3

Identify the three true statements about Financial Reporting. (Choose three.)

- A. Financial Reporting provides highly formatted, printable reports for FM applications.
- B. Financial Reporting provides ad hoc reporting capabilities for FM applications.
- C. Financial Reporting document types include reports, books, snapshots, and snapshot books.
- D. You can create a single PandL report and run that report for any member in the Entity dimension

Correct Answer: ACD

QUESTION 4

Identify the two true statements about property value inheritance for dimension members in EPMA. (Choose two.)

- A. Property values are always inherited from ancestors and cannot be changed.
- B. Property values are inherited from the closest ancestor except when a property value has been specifically entered.
- C. You must manually enter and store property values for all the dimension members.
- D. Property value inheritance decreases maintenance requirements for dimensions.
- E. Inheritance takes precedence over properties defined in metadata load files.

Correct Answer: BD

QUESTION 5

In Task Automation, a link in a task flow:

- A. Passes the point of view to a stage
- B. Connects the task to a specific user
- C. Passes control from one stage to another
- D. Passes control from a task to the IT department
- E. Passes a process unit from one review level to the next review level

Correct Answer: C
