QUESTION 5

While performing the task "Create Chart of Accounts, Ledger, Legal Entities, and Business Units in Spreadsheet Task", you mentioned that the legal entity country is the United States of America.

What will be the functional currency of the ledger you are defining?

- A. The system will ask the user to provide functional currency at the time of uploading the spreadsheet if it is not provided in the first place.
- B. The system will automatically pick "USD" as functional currency from the legal entity country.
- C. The system will pick the first available currency from the list of Values.
- D. It is mandatory to provide functional currency, because ledger cannot be defined without functional currency. The system will throw an error upon processing.
- E. It is mandatory to provide functional currency because ledger cannot be defined without functional currency. The system will throw an error upon upload of the spreadsheet because all required fields are not populated.

Correct Answer: B
