QUESTION 1

A user is new to creating business rules. Which two business rule features can help new users save time with pre-built components? (Choose two.)

- A. Rule sets
- B. Edit Script mode
- C. Business rule templates
- D. Business rule scripts
- E. Designer mode

Correct Answer: AC

You create a business ruleset by combining business rules (or business rulesets) that can be launched simultaneously or sequentially.

Business rule templates

Templates provide you with a starting point for common or frequently used calculations. You can start building your business rules with the provided templates.
