**QUESTION 1**

A UNIX client has the mount points listed below. /var /usr /opt /home A backup policy for this client has "Allow multiple data streams" enabled and contains a backup selections

list with the ALL_LOCAL_DRIVES directive. It also contains an exclude list that excludes /home. What happens when this backup policy runs?

- A. All backup jobs complete successfully.
- B. Backup jobs are created for all mount points except for /home.
- C. The backup job for /home is partially successful because /home is excluded.
- D. The backup job for /home fails because /home is excluded.

Correct Answer: D

QUESTION 2

The Symantec NetBackup administrator is concerned that the media server deduplication pool is using more space than estimated.

In which two places can the administrator find the amount of space used in the media server deduplication pool? (Select two.)

- A. Reports > Disk Storage Status
- B. Device Monitor > Disk Pools
- C. Reports > Disk Logs
- D. Devices > Disk Pools
- E. Reports > Disk Pool Status

Correct Answer: DE

QUESTION 3

An administrator has successfully recovered all Symantec NetBackup 7.5 catalogs, which used the only two catalog backup tapes. A number of backups have taken place and a catalog backup is run automatically. The catalog backup fails with an error code 96. The administrator investigates and discovers that all of the tapes have been allocated.

What is the cause of this error?

- A. The catalog recovery freezes the catalog tapes.
- B. The catalog recovery suspends the catalog tapes.
- C. The catalog recovery freezes the catalog tapes in the NBU-Catalog volume pool.

D. The catalog recovery suspends the catalog tapes in the NBU-Catalog volume pool.

Correct Answer: A

QUESTION 4

An administrator configures STU-A with the "On Demand Only" option. When will backups write to this storage unit?

- A. when the Any Available storage unit is selected in the policy
- B. when all other storage units are unavailable
- C. when the policy specifies STU-A as an attribute
- D. when the storage unit specified in the policy is full or unavailable

Correct Answer: B

QUESTION 5

In the Symantec Control Compliance Suite 9.0 console, where is the status of Evaluation and Data Collection jobs displayed?

- A. Home
- B. Manage
- C. Monitor
- D. Reporting

Correct Answer: C
