QUESTION 5

Which three options are required to use an instant-clone pool? (Choose three.)

- A. VMware vSphere

- B. Horizon Intelligence
- C. Horizon Composer
- D. Horizon Connection Server
- E. Horizon Agent
- F. High speed Internet Access

Correct Answer: ADE

View composer is used for Linked Clones not Instant Clones. Moreover, Linked Clones is a deprecated technology and no longer supported after Horizon 8 2006. A high-speed connection is irrelevant here and the other two options are not requirements.
