**QUESTION 1**

The architect of a company is asked to design a single VMware View Pod/Block without a single point of failure component. Which component offers the lowest availability?

- A. Horizon View Connection Server
- B. Horizon View Composer
- C. vCenter Server
- D. Horizon View Security Server

Correct Answer: C

QUESTION 2

A cloud pod architecture has been proposed for a customer with two data centers available in two cities 1700 Miles apart. The data centers are connected using WAN links with sophisticated security requirements and firewall rules.

A WAN maintenance vendor has been contacted to add exceptions to meet cloud pod architecture requirements. The number of ports to be opened to enable datacenter to datacenter communication should stay at a minimum number.

Which two communication ports are required by the WAN maintenance vendor? (Choose two.)

- A. 443
- B. 22389
- C. 389
- D. 4001
- E. 8472
- F. 8009

Correct Answer: BE

QUESTION 3

A VDI Architect wants to optimize Blast Extreme protocol between 400 Horizon Windows clients and agents on an organization's LAN. No GPO currently makes Horizon settings to these clients or agents. What GPO setting will improve performance of these systems?

- A. Enable H264
- B. Disable UDP Protocol
- C. Enable UDP Protocol

D. Disable H264

Correct Answer: B

QUESTION 4

Ten task workers in a remote branch office access Horizon VMs running Windows 7. The workers use PCoIP zero clients over a 40 Megabit per second network connection. No GPO currently alerts the default Horizon PCoIP settings. Which two Horizon PCoIP GPO settings improve user experience and help reduce the network bandwidth needed by each Horizon zero client session? (Choose two.)

- A. Audio bandwidth limit
- B. Session bandwidth floor
- C. Build-to-Lossless
- D. Session MTU

Correct Answer: BD

QUESTION 5

Which ports on a firewall need to be opened to allow client PCoIP traffic to flow from user\\s endpoints to a Unified Access Gateway appliance?

- A. TCP 4172 and UDP 4172
- B. TCP 443 and TCP 4172
- C. TCP 443 and UDP 4172
- D. TCP 4172 and UDP 443

Correct Answer: B
