### QUESTION 1

You are requested to write the proposal to qualify for the sponsorship.

Which statement best describes the ICT Competency Framework for Teachers (ICT-CFT) policy goal that is met by implementing the new ICT resources?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. The new ICT resources help the teachers design activities that enable the students to become collaborative, problem-solving learners.
- B. The new ICT resources allow the teachers to update their ICT skills and to meet the professional development objectives.
- C. The new ICT resources allow the teachers to create virtual activities that can be self-administered by the students without any teacher involvement.
- D. The new ICT resources allow the teachers to create problem-solving activities that the students can perform in a virtual environment.

Correct Answer: A

---

### QUESTION 2

You want your students to analyze the costs of running a business.

You plan a visit with your students to a business center that sells business services.

The business center offers the following services.

Printing

Photocopying

Web site design

Document scanning

Word processing and editing.

What should you include as part of your classroom activities?

- A. Give an assignment during which the students will read three case studies about office service businesses. Summarize the students' findings in a word processing document.
- B. Run a research project during which the students will use the Internet to compile a list of prices of various business services.
- C. Run a three-day project during which the students will set up their own office service business at the school and sell business services to the students and the staff.

D. Run a two-hour project during which you will provide reference information on the cost of equipment, materials, and salaries. Guide the students to use spreadsheets to calculate the costs of a business.

Correct Answer: D

---

### QUESTION 3

How does giving each student their own laptop enhance collaborative learning?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. The students can digitally share their work and their ideas.
- B. The students can connect with their peers outside of the classroom without being interrupted by the teachers.
- C. The students will feel free to exchange their views with one another anonymously during lessons.
- D. The students can work together without any guidance from a teacher.

Correct Answer: A

---

### QUESTION 4

You want to improve the students\' research skills by using ICT resources. The solution must help meet the school\'s organizational goals.

What should you do?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. Tell the students to search for information on the Internet.
- B. Give the students a list of Internet links to sites about acid rain.
- C. Give the students printed Web pages about acid rain.
- D. Work with the students to create a list of search terms.

Correct Answer: D

---

### QUESTION 5

You are a teacher at a secondary school. You work closely with the school administration.

A group of parents questions the large sum of money that the school invests in Information and Communication Technology (ICT) resources.

You are requested to prepare a response on behalf of the school.

On which argument will you base your response?

- A. Modern economies increasingly require a workforce that has good typing skills, so the school must try to incorporate computers into all its activities.
- B. Modern economies are increasingly based on knowledge and information, so students must learn the skills required to handle information.
- C. The business sector in modern economies increasingly expects schools to produce students who are qualified in financial knowledge.
- D. Modern economies increasingly depend on the growth of the computer manufacturing industry, an economic sector that schools must support.

Correct Answer: B
