QUESTION 4

A phone has a device CSS that includes the partitions phones and PSTN. This provides access for all internal phones and external calls. The first line on this phone has a CSS that includes the partitions phones, 911, and local. If a call is placed to a long-distance number, will the call be completed and why or why not?

A. No, because the CSS on the line does not include the partition for long-distance.

B. No, because when there is a CSS on both the line and the device, the line CSS takes precedence.

C. Yes, because the line CSS also includes the partition and this will be used to match the long- distance call.

D. Yes, because the call will use the device CSS
