QUESTION 1

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while

others might not have a correct solution.

After you answer a question in this sections, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You manage a SharePoint 2016 farm for a company.

You must monitor your environment for performance issues.

You need to enable Developer Dashboard.

You open the SharePoint 2016 Management Shell and run the following commands:

```
$content = ([Microsoft.SharePoint.Administration.SPWebService]::Content-Service)
$appsetting = $content.DeveloperDashboardSettings
$appsetting.DisplayLevel = [Microsoft.SharePoint.Administration.SPDeveloperDashboardLevel]::On
$appsetting.Update()
```

Does the solution meet the goal?

A. Yes

B. No

Correct Answer: B

QUESTION 4

You manage a SharePoint 2016 farm.

You create a unique site collection for each department. For each site collection, you grant specific users the Full control permission level to their site collection. These users are responsible for creating lists and libraries in the site collections.

You need to prevent all users from creating subsites within their site collections.

Which three actions should you perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.

Select and Place:

Actions

- Clear the permission to create subsites.
- Disable Self-Service Site Creation.
- Select the web application that hosts the site collections for each department.
- Modify user permissions for the site collection.
- Select Self-Service Site Creation settings page that hosts the site collections for each department.
- Verify that your user account is a member of the Farm Administrators SharePoint group.

Answer area

+
<

^
v

Correct Answer:

Actions

-
- Disable Self-Service Site Creation.
-
- Modify user permissions for the site collection.
- Select Self-Service Site Creation settings page that hosts the site collections for each department.
-

Answer area

Verify that your user account is a member of the Farm Administrators SharePoint group.

Select the web application that hosts the site collections for each department.

Clear the permission to create subsites.
