### QUESTION 1

Which statement correctly describes the OSGi installer service?

- A. It is a provider that searches for nodes of type sling:osgiConfig.
- B. It is a service that scans the CRX repository for artifacts and provides them to the JCR installer.
- C. It is a central service for handling installs, updates and uninstalls of artifacts.
- D. It is a service searching the CRX repository for folders named install.

Correct Answer: C

---

### QUESTION 2

You want to request a JSON representation of the content. What do you have to do with the request?

- A. Add the query parameter `?json=true`.
- B. Change the extension to `.json`.
- C. Add a selector `json`.
- D. Write custom code.

Correct Answer: B

---

### QUESTION 3

You want to prompt a workflow user for information during the processing of a workflow step. Where is the content that the workflow user entered stored?

- A. As part of the page.
- B. As part of the workflow model.
- C. As part of the workflow instance.
- D. As part of the design.

Correct Answer: A

---

### QUESTION 4

You have a CQ instance configured to use LDAP authentication. In the LDAP configuration file you see the parameter "com.day.core.CRXLoginModule sufficient;". What is the purpose of this parameter?

- A. It means that if CRX can authenticate a user with the CRXLoginModule, the user is authenticated successfully; else CRX uses the next login module.
- B. It means that if authentication fails with the CRXLoginModule, the complete authentication fails.
- C. It means that after logging in successfully, user credentials will be copied automatically to CRX.
- D. It means that the authentication will use a callback implementation.

Correct Answer: A

---

#### QUESTION 5

What is the purpose of sending values as selectors in the URL instead of sending them as query parameters?

- A. To avoid caching the response in the Web server.
- B. To enable the response to be cached in the Web server.
- C. To avoid creating a session object in the application server.
- D. To improve security.

Correct Answer: B
