**QUESTION 1**

What is a characteristic of a pure event?

- A. It does not close automatically by default.
- B. It has a unique randomized control number.
- C. It links with enterprise workspace automatically.
- D. It returns multiple rows for historical data collection.

Correct Answer: A

QUESTION 2

Which statement is true when selecting a Navigator item and right-clicking to select Take Action?

- A. Only the command on the selected Managed System can be run from the Navigator tree.
- B. Only commands from the pre-defined Take Action can be selected and they cannot be edited.
- C. The Take Action command will run with the Administrator's Authority (example: as root on UNIX and Linux systems).
- D. The Take Action command will run as the User ID of the User ID used to start the agent (example: mqm started the MQ Monitor selected in the Navigator tree so the command will execute as if User ID mqm submitted the command).

Correct Answer: D
