**QUESTION 1**

You create a query for an approval process to check for service purchase orders over 3000 in value. When you test the approval process you get an error from the query. What is wrong with this query?

```
SELECT distinct \"true\" FROM OPOR T0 WHERE $[3.0.0] = \"S\" AND $[29.0.number] > 3000
```

- A. You need to add the table name OPOR to the condition to reference the fields.
- B. To refer to a field in the active window, an additional \"\\$\" character is required before the index values.
- C. The service type \"S\" is not part of the purchase order table therefore you need to refer to it using the table and field name.
- D. You should not use the \"distinct true\" clause in this type of query since only a single value is returned.

Correct Answer: B

QUESTION 2

Julia needs to post a transaction to a business partner account. How can she do this using a manual journal entry?

- A. In the journal entry she can press Ctrl + Tab to select from the list of business partners.
- B. In the journal entry she can type part of the business partner name in the \"G/L Acct/BP Name\" field and the system will locate the business partner.
- C. In the journal entry she can press Tab to select from the list of business partners.
- D. In the journal entry she can use the form settings to make the control account column visible, and then select the business partner.

Correct Answer: A

QUESTION 3

A company uses the services of an external organization for marketing and lead generation services on a range of products. The company wants the external organization to use the features of SAP Business One, so that lead information is accessible to the company's sales staff. What training is most suitable for the staff at the external organization?

- A. Sales opportunities, sales orders, campaign generation wizard, blanket agreement
- B. Campaign generation wizard, target groups, activities, lead master data
- C. Sales quotations, sales opportunities, activities, campaign generation wizard
- D. Blanket agreement, campaign generation wizard, target groups, lead master data

Correct Answer: B
