QUESTION 1

Your customer wants the system to generate a serial number and an equipment master upon goods receipt of a material.

Which Customizing steps are required?

- A. Create a serial number profile and assign it to an equipment master.
- B. Create a serial number profile and assign it to a serializing procedure.
- C. Create a serial number profile and assign it to a view profile for technical objects.
- D. Create a serializing procedure and assign it to an equipment master.

Correct Answer: B

QUESTION 2

To which objects can you assign a user status profile? (Choose three)

- A. An order type
- B. A task list type
- C. A maintenance plan category
- D. An equipment category
- E. A notification type

Correct Answer: ADE

QUESTION 3

The view profile enables you to create a customized selection of tabs for use with technical objects.

Which Customizing step(s) must you perform to make a view profile available?

- A. Activate customized tabs for each equipment category or functional location category.
- B. Create the view profile in the master record of either equipment or functional location.
- C. Create the view profile and assign it to an object type.
- D. Create the view profile for a particular screen group and then assign it to a functional location category or equipment category.

Correct Answer: D

QUESTION 4

What does the scheduling period determine in the maintenance plan scheduling parameters?

- A. The duration for which the system generates maintenance orders immediately
- B. The duration for which the system generates planned or call dates during scheduling
- C. The duration for which the system generates maintenance notifications immediately
- D. The validity period of the maintenance plan

Correct Answer: B

QUESTION 5

What are the prerequisites for order settlement? (Choose three)

- A. The order must be technically completed.
- B. The order has not been settled previously.
- C. A settlement rule must be created for the order.
- D. The order must be released.
- E. The settlement profile used in the order type must allow settlement.

Correct Answer: CDE
