A. poller.bg

- B. stats.poller.bg
- C. messages.stats.bg
- D. discoverMerge.time.date.bg

Correct Answer: C

QUESTION 5

Recently, you have noticed that CA eHealth reporting seems to be inaccurate or incomplete. Furthermore, performance appears to be poorer than usual. Your colleague believes the issue relates to bad polling and suggests that you review discovery files and the relevant log files. To specifically address polling issues, what do you need to look for? (Choose three)

- A. Incorrect Umask settings
- B. Error messages in the poller log files
- C. Unexpected characters used in directory naming
- D. New devices that might need to be manually added to the poller configuration
- E. Elements that have changed based on change management, replaced hardware, or a new system identity

Correct Answer: BDE
