QUESTION 1

The application development team has come to you requesting that a new, internal, domain-owned Google Workspace app be allowed to access Google Drive APIs. You are currently restricting access to all APIs using approved whitelists, per security policy. You need to grant access for this app.

What should you do?

- A. Enable all API access for Google Drive.
- B. Enable "trust domain owned apps" setting.
- C. Add OAuth Client ID to Google Drive Trusted List.
- D. Whitelist the app in the Google Workspace Marketplace.

Correct Answer: C

QUESTION 2

How can you monitor increases in user reported Spam as identified by Google?

- A. Review post-delivery activity in the Email logs.
- B. Review user-reported spam in the Investigation Tool.
- C. Review spike in user-reported spam in the Alert center.
- D. Review post-delivery activity in the BigQuery Export.

Correct Answer: C

Explanation: <https://support.google.com/a/answer/9104586?hl=en>

QUESTION 3

User A is a Basic License holder. User B is a Business License holder. These two users, along with many additional users, are in the same organizational unit at the same company. When User A attempts to access Drive, they receive the following error: "We are sorry, but you do not have access to Google Docs Editors. Please contact your Organization Administrator for access." User B is not presented with the same error and accesses the service without issues.

How do you provide access to Drive for User A?

- A. Select User A in the Directory, and under the Apps section, check whether Drive and Docs is disabled. If so, enable it in the User record.
- B. In Apps > Google Workspace > Drive and Docs, select the organizational unit the users are in and enable Drive for the organizational unit.
- C. In Apps > Google Workspace, determine the Group that has Drive and Docs enabled as a service. Add User A to this

group.

D. Select User A in the Directory, and under the Licenses section, change their license from Basic to Business to add the Drive and Docs service.

Correct Answer: C

QUESTION 4

Your organization wants more visibility into actions taken by Google staff related to your data for audit and security reasons. They are specifically interested in understanding the actions performed by Google support staff with regard to the support cases you have opened with Google. What should you do to gain more visibility?

- A. From Google Admin Panel, go to Audit, and select Access Transparency Logs. Most Voted
- B. From Google Admin Panel, go to Audit, and select Login Audit Log.
- C. From Google Admin Panel, go to Audit, and select Rules Audit Log.
- D. From Google Admin Panel, go to Audit, and select Admin Audit Log.

Correct Answer: A

Explanation: Google staff logs related to accessing user content are stored in Access Transparency logs

QUESTION 5

Your organization is part of a highly regulated industry with a very high turnover. In order to recycle licenses for new employees and comply with data retention regulations, it has been determined that certain Google Workspace data should be stored in a separate backup environment.

How should you store data for this situation?

- A. Use routing rules to dual-deliver mail to an on-premises SMTP server and Google Workspace.
- B. Write a script and use Google Workspace APIs to access and download user data.
- C. Use a third-party tool to configure secure backup of Google Workspace data.
- D. Train users to use Google Takeout and store their archives locally.

Correct Answer: C
