**QUESTION 1**

A SAN administrator plans to implement fabric wide storage virtualization. The current SAN consists of dual redundant ring topology. Without detailed information about the virtualization, what topology should they plan to migrate to?

- A. cascaded topology
- B. tree topology
- C. meshed topology
- D. no change ring topology

Correct Answer: B

QUESTION 2

In IP networks, which two best practices should site planning include? (Choose two.)

- A. minimize the amount data transferred over the FCIP link(s)
- B. merge the FCIP network with your corporate network for better management
- C. create a design that will accommodate additional storage I/O without impacting normal data traffic
- D. use only one controller pair per FCIP link to avoid link congestion

Correct Answer: AC

QUESTION 3

To prevent unauthorized configuration or management changes, what three policies does a Secure Fabric OS use? (Choose three.)

- A. centralization of fabric configuration changes on trusted switches
- B. extensive use of Access Control Lists (ACLs)
- C. compliance with secure sockets
- D. multi-level passwords
- E. single-level passwords

Correct Answer: ABD

QUESTION 4

Click the Task button.

What is the recommended power-on sequence for an Enterprise Backup Solution (EBS)?

Select and Place:

What is the recommended power-on sequence for an Enterprise Backup Solution?

Order	Steps in Order	Steps
1	(place step one here)	Router
2	(place step two here)	Data protection software
3	(place step three here)	Servers
4	(place step four here)	Tape library
5	(place step five here)	RAID array storage
6	(place step six here)	SAN switches

Correct Answer:

What is the recommended power-on sequence for an Enterprise Backup Solution?

Order	Steps in Order	Steps
1	RAID array storage	
2	Tape library	
3	Router	
4	SAN switches	
5	Servers	
6	Data protection software	

QUESTION 5

How long does it typically take to create a SAN architecture for an enterprise-class customer?

- A. days to weeks
- B. hours

C. weeks to months

D. months to years

Correct Answer: C
