QUESTION 1

How many half-height blades can you install in the enclosure shown?

- A. 2
- B. 4
- C. 6
- D. 8

Correct Answer: A

QUESTION 2

What provides information on the software inventory of a server and available updates?

- A. HP Subscribers Choice
- B. HP System Management Homepage (SMH)
- C. Version Control Agent (VCA)
- D. Version Control Repository Manager (VCRM)

Correct Answer: C

QUESTION 3

A system engineer wants to replace the c3000 BladeSystem Insight Display. What must be done before the engineer can remove it? (Select two.)

- A. The server blade must be removed from the bay.
- B. Onboard Administrator link module must be removed.
- C. The Insight Display data cable must be disconnected.
- D. The Onboard Administrator tray must be removed.
- E. The enclosure cover to access Insight Display must be removed.

Correct Answer: CD

QUESTION 4

Place the background color of Insight Display next to its description. Note: Not all colors are used.

Select and Place:

Place the background color of Insight Display next to its description.
Note: Not all colors are used.

		Descriptions	
	green		indicates system health is good
	blue		indicates system health is degraded
	amber		indicates enclosure UID is active
red	brown		

Select and Place:

Place the background color of Insight Display next to its description.
Note: Not all colors are used.

		Descriptions	
	green		indicates system health is good
	blue		indicates system health is degraded
	amber		indicates enclosure UID is active
red	brown		

Correct Answer:

Place the background color of Insight Display next to its description.
Note: Not all colors are used.

		Descriptions	
		green	is good
		amber	degraded
		blue	is active
red	brown
