---

### QUESTION 3

What is a key benefit of HPE Campus solutions?

- A. a secure network that is optimized for wired connectivity rather than nonsecure wireless connectivity
- B. a complete network with embedded proprietary protocols, which are factory configured for simplicity
- C. a larger network with more tiers, which provide higher performance and reliability
- D. an agile network that is secure, scalable, and ready for software-defined networking (SDN)

Correct Answer: D

---

### QUESTION 4

Which HPE server management solution provides a converged management platform across HPE servers, storage, and networking?

- A. HPE Smart Update Manager

- B. HPE Insight Online
- C. HPE OneView
- D. HPE iLO Management Engine

Correct Answer: C

---

#### QUESTION 5

Which statement is true about legacy networks ?

- A. Legacy networks offer good visibility into real-time traffic so admins can take appropriate action.
- B. Legacy networks are designed for modern application traffic, which typically follow a north-to-south direction.
- C. Legacy networks are easy to manage because network services are divided into three organized tiers
- D. Legacy networks are inflexible, inhibit scalability, and limit innovation

Correct Answer: D
