Correct Answer: C

QUESTION 3

A customer has a strict change control environment. How do Server Profile Templates help with change control policies?

- A. They allow users to define configurations once and within minutes.
- B. They help to monitor, flag, and update server profiles in HPE OneView.
- C. They allow server profile mobility.
- D. They provision hardware quickly.

Correct Answer: B

QUESTION 4

DRAG DROP

Match the HPE OneView element to its function.

Select and Place:

Element	Function
metric streaming message bus (MSMB)	Used by message bus consumers to carry out CRUD operations
RESTful API	Provide information about changes in managed resources
state change message bus (SCMB)	Provide temperature, power, or CPU utilization for managed resources

Correct Answer:

Element	Function
	Used by message bus consumers to carry out CRUD operations
	Provide information about changes in managed resources
	Provide temperature, power, or CPU utilization for managed resources

QUESTION 5

A company wants to integrate an acquired company's infrastructure into their existing Synergy 3 frame environment. They currently have 286 VLANs in their operational network set. They want to add 153 new VLANs into the configuration. What would you recommend?

- A. Integrate the new networks into the existing network set.
- B. Purchase a second three frame configuration for the new company.
- C. Create a second network set for the new VLANs.
- D. Add a second fabric domain to the existing configuration to support the new networks.

Correct Answer: D
