QUESTION 1

Which two settings in the options field of an IP header will Junos Screen options block? (Choose two.)

A. traceroute

B. record route option

C. timestamp option

D. MTU probe

Correct Answer: BC

QUESTION 2

Which statement regarding the implementation of an IDP policy template is true?

A. IDP policy templates are automatically installed as the active IDP policy.

B. IDP policy templates are enabled using a commit script.

C. IDP policy templates can be downloaded without an IDP license.

D. IDP policy templates are included in the factory-default configuration.

Correct Answer: B

QUESTION 3

Host A opens a Telnet connection to Host B. Host A then opens another Telnet connection to Host B.

These connections are the only communication between Host A and Host B. The security policy configuration permits both connections.

How many sessions exist between Host A and Host B?

A. 1

B. 2

C. 3

D. 4

Correct Answer: B

QUESTION 4

-- Exhibit -- Exhibit -

Click the Exhibit button.

Server A is communicating with Server B directly over the Internet. The servers now must begin exchanging additional information through an unencrypted protocol. To protect this new data exchange, you want to establish a VPN tunnel between the two sites that will encrypt just the unencrypted data while leaving the existing communications directly over the Internet.

Which statement would achieve the desired results?

A. Configure a route-based VPN and use filter-based forwarding to direct traffic into the VPN tunnel.

B. Configure a route-based VPN tunnel with traffic engineering to direct traffic into the VPN tunnel.

C. Configure a policy-based VPN with a security policy that matches the unencrypted traffic and directs it into the VPN tunnel.

D. Configure a policy-based VPN tunnel and use filter-based forwarding to direct the unencrypted traffic into interface st0.0.

Correct Answer: C

QUESTION 5

Regarding an IPsec security association (SA), which two statements are true? (Choose two.)

A. IKE SA is bidirectional.

B. IPsec SA is bidirectional.

C. IKE SA is established during phase 2 negotiations.

D. IPsec SA is established during phase 2 negotiations.

Correct Answer: BC
