**QUESTION 1**

Which two statements are true concerning policy-based IPsec VPNs on an SRX Series device? (Choose two)

- A. A new tunnel is set up for each flow of traffic that matches the policy.
- B. One tunnel is set up for all flows of traffic that match the policy.
- C. A new tunnel is set up before a flow of traffic matches the policy.
- D. A new tunnel is set up only when a flow of traffic matches the policy.

Correct Answer: BD

QUESTION 2

How do you apply UTM enforcement to security policies on the branch SRX series?

- A. UTM profiles are applied on a security policy by policy basis.
- B. UTM profiles are applied at the global policy level.
- C. Individual UTM features like anti-spam or anti-virus are applied directly on a security policy by policy basis.
- D. Individual UTM features like anti-spam or anti-virus are applied directly at the global policy level.

Correct Answer: A

QUESTION 3

Which three actions should be used when initially implementing Junos Screen options? (Choose three.)

- A. Deploy Junos Screen options only in functional zones.
- B. Deploy Junos Screen options only in vulnerable security zones.
- C. Understand the behavior of legitimate applications.
- D. Use the limit-session option.
- E. Use the alarm-without-drop option.

Correct Answer: BCE

QUESTION 4

Click the Exhibit button Referring to the exhibit, what is the expected behavior?

```
[edit security utm]
user@host# show
custom-objects {
  url-pattern {
    allow-list {
      value "nancy@juniper.net";
    }
    reject-list {
      value [ "nancy@juniper.net" juniper.net ];
    }
  }
}
feature-profile {
  anti-spam {
    address-whitelist allow-list;
    address-blacklist reject-list;
  }
}
```

- A. E-mail from juniper net will be blocked because juniper.net is on the blacklist.
- B. E-mail from jumper net will be permitted because juniper net is listed second on the blacklist.
- C. E-mail from nancy@juniper net will be permitted because nancy@juniper.net is on the whitelist.
- D. E-mail from nancy@juniper.net will be blocked because nancy@juniper.net is on the blacklist.

Correct Answer: C

QUESTION 5

Click the Exhibit button.

-- Exhibit --[edit security policies from-zone HR to-zone trust]

```
user@host# show
```

```
policy two {
```

```
match {
```

```
source-address subnet_a;
```

```
destination-address host_b;

application [ junos-telnet junos-ping ];

}

then {

reject;

}

}

policy one {

match {

source-address host_a;

destination-address subnet_b;

application any;

}

then {

permit;

}

}

-- Exhibit -

host_a is in subnet_a and host_b is in subnet_b.
```

Given the configuration shown in the exhibit, which two statements are true about traffic from host_a to

host_b (Choose two.)?

- A. DNS traffic is denied.
- B. Telnet traffic is denied.
- C. SMTP traffic is denied.
- D. Ping traffic is denied.

Correct Answer: BD
