QUESTION 1
You are a Dynamics 365 for Sales administrator.
The sales team is having difficulty locating related products.
You need to make it easier for the sales team to find groups of products that are similar.
What should you use?
A. Related products
B. Product bundles
C. Product families
D. Product unit groups
Correct Answer: C
"Make it easier for sales agents to find products and services in a product catalog by creating a product family and classifying similar products in it. A product family lets you group and categorize products, making it easier for you to manage them."
