QUESTION 2

A company uses Dynamics 365 Commerce. The company is launching a new product line for select stores.

The company wants to ensure that stores participating in the launch receive the new products. Stores that are not participating in the launch must not be able to order the products.

You need to recommend a method to help the company launch the new product line.

What should you recommend?

- A. Define products for distribution using product assortment.
- B. Define products for distribution using security roles.
- C. Control product distribution using purchase agreement.
- D. Control product distribution using trade agreement.

Correct Answer: B

QUESTION 3

DRAG DROP

A company implements Dynamics 365 Supply Chain Management.

The company needs to use inventory journals to post different types of physical inventory transactions.

Match each type of inventory journal to its use case. To answer, drag the appropriate type of inventory journal from the column on the left to its use case on the right. Each type of inventory journal may be used once, more than once, or not at

all.

NOTE: Each correct match is worth one point.

Select and Place:

Inventory journal types	
movement	
inventory adjustment	
counting	
transfer	
BOM	

Use case	Inventory journal type
Overwrite default posting account to charge an item to a different department.	
Move an item from one warehouse to another in the company.	
Add cost to an item when adding inventory and create a ledger transaction.	
Correct the registered on-hand inventory to match the actual physical count available in the warehouse.	

Correct Answer:

Inventory journal types

Answer Area

Use case

- Overwrite default posting account to charge an item to a different department.
- Move an item from one warehouse to another in the company.
- Add cost to an item when adding inventory and create a ledger transaction.
- Correct the registered on-hand inventory to match the actual physical count available in the warehouse.

Inventory journal type

QUESTION 4

HOTSPOT
