QUESTION 1

You need to ensure that a project is invoiced according to a billing schedule based on the project contract. Which project type should you apply?

A. fixed-price

B. internal

C. time and material

D. investment

Correct Answer: A

QUESTION 2

You assign resources to a project.

You need to define the scheduling requirements for the project.

Which three actions are scheduling requirements? (Each correct answer presents part of the solution. Choose three.)

A. Setting up the calendar to use for the workers on the project

B. Specifying the estimated hourly rate for the workers on the project

C. Specifying the type of calendar for the project

D. Setting the start date and end date of the project

E. Specifying the estimated number of worker hours required to complete the project

Correct Answer: ACE

Explanation: Before you can use the resource scheduling feature and assign workers to projects, the following prerequisites must be met:

*

 The Project III license code must be enabled.

*

 Project parameters must be set up to define the minimum thresholds for how closely a worker\\'s skills and availability should match the requirements for a project or activity. This ust be done before the worker can be included in search results.

*

 (A) A worker must be assigned a calendar so that the worker\\'s weekly capacity in hours be specified.

To assign a calendar to a worker, use the following procedure.

1.

 Click Human resources > Common > Workers > Workers.

2.

 Select a worker, and then, on the Action Pane, in the Maintain group, click Edit.

3.

 In the Workerform, click the Employment link, and then, in the Calendar field, select a calendar.

*

 (E) Before scheduling can occur, the scheduling calendar and the total work effort (in hours) for the project or activity must be specified.

*

 The worker\\'s education, skills, certifications, project experience, and other attributes must be specified.

QUESTION 3

What is the purpose of the estimate process for a fixed-price project?

A. to periodically clear ledger postings after the project transactions are adjusted

B. to create a new estimate for a fixed-price project

C. to adjust the forecast according to the actual project progress

D. to provide a snapshot of a project\\'s finances at a single point in time

Correct Answer: D

QUESTION 4

You set up project management and accounting. You need to represent the types of costs and revenues that are defined for all projects in your entire organization. Which item should you create to organize categories?

A. shared category

B. expense category

C. project category

D. category group

Correct Answer: D

QUESTION 5

Which item is a valid funding type for a project contract?

A. Project

B. Customer

C. Vendor

D. Ledger

Correct Answer: B
