Correct Answer: C

---

#### QUESTION 5

You are working in a Microsoft Dynamics AX 2012 project. You modify the init method of the AccountingDistribution form in the VAR layer, and then modify the close method of the same form in the USR layer. You plan to export the AccountingDistribution form customizations from the Application Object Tree (AOT) into an .xpo file.

What will the .xpo file contain if you choose the user application object layer during the export process?

- A. only the init method modifications
- B. only the close method modifications
- C. only the init and close method modifications
- D. the init and close method modifications and the original code of the entire form

Correct Answer: B
