QUESTION 4

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than once correct solution,

while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You have a Microsoft Exchange server 2019 organization.

You discover that users rarely delete items from their Sent Items folder and their Deleted Items folder.

You need to recommend a solution to automatically reduce the size of the primary mailbox of each user.

Solution: You recommend configuring a retention policy that contains two personal tags.

Does this meet the goal?

A. Yes

B. No

Correct Answer: B

This could work but the personal tags would need to use the 'Permanently Delete' option and the users would have to assign the tags to their Sent Items folder and their Deleted Items folders.
