## QUESTION 2

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution,

while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You have a SharePoint Server farm.

You configure the farm to support custom tiles, and you add an item to the custom files list.

You discover that the new item appears at the bottom of the list in the app launcher.

You need to ensure that the new item appears first on the list.

Solution: You run the Add-PnpNavigationNode cmdlet and specify the -first parameter.

Does this meet the goal?

A. Yes

B. No

Correct Answer: B

### QUESTION 3

You need to resolve the issue for the Distributed Cache service.

How should you complete the command? To answer, select the appropriate options in the answer area.
