**QUESTION 1**

What is the purpose of Data Life Cycle Management (DLM)?

- A. Ensuring that an adequate level of data protection is in place during some of the stages in the data life cycle.
- B. Guaranteeing that personal data is processed in compliance with the GDPR during its lifetime.
- C. Managing personal data in a way that guarantees the data is accurate and kept up to date.

Correct Answer: B

QUESTION 2

A person who works for a union took home a draft newsletter to finish it. The thumb drive containing the draft and contact list has been lost. To whom, among others, this data breach should be reported?

- A. To all members of the contact list
- B. To the Union staff
- C. To the police

Correct Answer: A

This is sensitive data, so the loss must be reported to both the responsible authority and the data subjects.

QUESTION 3

On July 12, 2016 the European Commission implemented a ruling regarding the transfer of personal data between the EEA and the US. The ruling is based on the data protection measures described in the EUUS Privacy Shield. What kind of a ruling is this?

- A. Derogation
- B. Legally binding contract
- C. Treaty superseding the GDPR
- D. Adequacy decision

Correct Answer: D

Adequacy decision. Correct. The ruling is an adequacy decision regarding processing in third countries. (Literature: A, Chapter 7; GDPR Article 45 and Recitals (104) and (106))

Derogation. Incorrect. A derogation is for specific situations where a transfer is necessary, but there is no ruling permitting it. (Literature: GDPR Article 49(1)(g))

Legally binding contract. Incorrect. The ruling is an adequacy decision. A legally binding contract is between a processor and a controller.

Treaty superseding the GDPR. Incorrect. The ruling is an adequacy decision. It does not supersede the GDPR.

QUESTION 4

A company CEO travels to a meeting in another city. He takes a notebook with information about the company's new projects and acquisitions, which will be the subject of discussion at this meeting. These are the only data stored on the notebook.

The notebook accidentally falls into the hotel's pool and all data is lost.

What happened, considering the General Data Protection Regulation (GDPR)?

- A. A security incident
- B. A vulnerability
- C. A data breach
- D. A security risk

Correct Answer: A

The purpose of GDPR is to protect personal data. In the case of this issue there was no loss of personal data, so it is not a data breach.

Important

A data breach is whenever something happens that has not been planned with the personal data, be it improper processing, improper sharing, loss of data, deletion, etc. That is, personal data must be used for a specific purpose, respecting the life cycle (from collection to exclusion), any situation that escapes this cycle must be reported as a data breach.

QUESTION 5

Which of the alternatives describes one of the Supervisory Authority's responsibilities?

- A. Supervise the processing of data of holders residing in a country belonging to the European Economic Area (EEA).
- B. Consider the nature of the treatment, and as far as possible, assist the controller in order to enable the controller to fulfill his obligation.
- C. Provide the controller with all necessary information to demonstrate compliance with obligations.
- D. Apply technical and organizational measures to ensure that only personal data that are necessary for each specific purpose of processing are processed.

Correct Answer: A

The correct option is the responsibility of the Supervisory Authority, the others are the responsibility of the processor.

GDPR Article 3 decrees:

This Regulation applies to the processing of personal data of data subjects who are in the Union by a controller or processor not established in the Union, where the processing activities are related to:

- a) the offering of goods or services, irrespective of whether a payment of the data subject is required, to such data subjects in the Union; or;
- b) the monitoring of their behaviour as far as their behaviour takes place within the Union.
