### QUESTION 1

On the case Designer, which two components can users tag with a Minimum Lovable Product (MLP) release for project sizing purposes? (Choose two.)

- A. A User Mobile App channel
- B. An external system of record (SOR)
- C. An automation
- D. An approval decision

Correct Answer: AD

---

### QUESTION 2

A hotel booking application allows customers to change rooms after making a reservation. Each room's status in each hotel is stored on a data page sourced from an external database table.

Which two configuration options, when applied in combination, do you use to update the database table when a customer changes rooms? (Choose Two)

- A. A savable data page that contains the room information
- B. A when rule to trigger the database update
- C. A data transform to copy updates to the data page
- D. An editable data page that contains the room information

Correct Answer: AC

---

### QUESTION 3

Which two use cases are supported by configuring a mobile channel in App Studio? (Choose Two)

- A. Grant access to the application for a specific user.
- B. Set the width of an application icon to 180x180 pixels.
- C. Configure a left swipe behavior to open a message.
- D. Lock the application after 20 minutes of inactivity.

Correct Answer: AD

---

#### QUESTION 4

Which two statements are true about styling controls in App Studio? (Choose two)

- A. Developers can configure a Date Time control to display as a text input field, drop-down list, or calendar control.
- B. Developers can configure a text input control to change the background when users click the control.
- C. Developers can configure a button control to hide when users click the control.
- D. Developers create a new style format to apply styling to an out-of-the-box button control.

Correct Answer: AB

---

#### QUESTION 5

You are configuring duplicate case search logic in a case type. How do you ensure that resolved cases are not evaluated as potential duplicates?

- A. Add a must match condition where the work status of the current case does not contain "Resolved"
- B. Add a weighted condition where the work status of potential duplicates does not contain "Resolved"
- C. Add a weighted condition that evaluates the work status of current and existing cases where work status equals "Resolved" and has a weight of "0"
- D. Add a must match condition where the work status of potential duplicates does not contain "Resolved".

Correct Answer: B
