**QUESTION 1**

Select three best practices when developing activities (Choose Three)

- A. Keep activities short. Limit your activities to fewer than 25 steps.
- B. Limit customer Java steps whenever possible.
- C. Limit activity calls to 3 or less to prevent performance problems.
- D. Only use activities to support queue processing and interfaces
- E. Limit use of activities. Use alternative rule types such as data transforms when possible.

Correct Answer: ABE

---

**QUESTION 2**

Which of the following statements is true about the rule resolution process?

- A. If the system finds more than one rule instance during rule resolution, users are provided with a choice of which rule to use depending on context.
- B. The class (context) of a rule takes precedence over the availability of the rule.
- C. If a user does not have access to the selected rule, the system sends a message that it could not find an appropriate rule to execute.
- D. Rule resolution applies to rules that are instances of classes derived from the Rule- and Work- base classes.

Correct Answer: C

---

**QUESTION 3**

Which scenario might benefit from using a temporary case?

- A. Banking customers can access a bank's online portal to apply to open a checking or savings account.
- B. Airline customers can view their travel itinerary or submit a request to modify their itinerary, subject to fees.
- C. Insurance customers can call a call center to file a new claim, or make changes to a current coverage policy.
- D. Retail customers can process a return for one or more items in their order or they can process an exchange.

Correct Answer: B

---

#### QUESTION 4

Select two record types that are involved when configuring a production ruleset. (Choose Two)

- A. Organization
- B. Access group
- C. Application
- D. Operator
- E. Work group

Correct Answer: BC

---

#### QUESTION 5

A requirement states that the Users role cannot open a purchase request during the Audit stage of the case life cycle.

How do you configure the case stage to satisfy this requirement?

- A. Apply an Access When record.
- B. Apply a When record.
- C. Apply a Privilege record.
- D. Apply an Access Deny record.

Correct Answer: A
