Correct Answer: A

QUESTION 5

An administrator works for a pharmaceutical company that distributes Drug X. A content filtering policy using the premium compliance "Prescription Drug Names" dictionary resource (which includes Drug X as a predefined phrase), blocks any email from the Marketing department containing the drug name. Marketing has indicated that this is unacceptable but wishes to continue to block the use of other words or phrases in that dictionary. How can the administrator adjust the resources used by the current content filtering policy to resolve the Marketing department issue?

A. Disable Drug X from the "Prescription Drug Names" dictionary

B. Add Drug X to the "Prescription Drug Names" dictionary

C. Enable Drug X in the "Prescription Drug Names" dictionary

D. Delete Drug X from the "Prescription Drug Names" dictionary

Correct Answer: A
