QUESTION 1

Which two options can an administrator use to prevent data on disk that is from a previously run backup job from being deleted? (Select two.)

- A. the backup set Expiration option
- B. the backup set Details option
- C. the backup media Expiration option
- D. the backup set Retain option
- E. the backup media Retain option

Correct Answer: AD

QUESTION 2

An administrator is performing a complete online recovery of a system using a full backup followed by a series of incremental backups.

How many backup sets will need to be accessed by the Backup Exec server to complete the restore from the last incremental backup?

- A. 1
- B. 2
- C. 5
- D. 6

Correct Answer: C

QUESTION 3

An administrator needs to ensure that any new resources added to a server in the future will be automatically included in the backup job.

How should the administrator make the selections to ensure dynamic protection?

- A. Check the box next to the server name
- B. Check the job option for dynamic inclusion
- C. Use the Advanced File Selection page to dynamically include all resources on the server
- D. Enable the option to Discover Data to Back Up in Backup Exec Settings

Correct Answer: A

QUESTION 4

Which two steps must an administrator perform after running an Inventory and Catalog job to perform a data restore within Backup Exec? (Select two.)

- A. ensure the date range of the sets are correct and proper selections are made
- B. ensure an encryption key is created to restore the data
- C. ensure that the backup server is selected as part of the restore job
- D. ensure a new logon account is created that is used to run the restore
- E. ensure backup sets are displayed and remaining restore or redirection options are selected

Correct Answer: AE

QUESTION 5

Which benefit is provided by the Instant GRT (Granular Recovery Technology) feature?

- A. detailed catalog information
- B. the ability to perform a search of GRT items from the catalog
- C. faster browsing of GRT data on restores
- D. faster backups

Correct Answer: C
