QUESTION 1

Andrea works as an Administrative Assistant for a small business that uses a SaaS service for accounting, sales orders and customer service information about the business\'s customers. This product is similar to Salesforce.com and its competitors. Andrea makes sure she saves accurate records about current projects and performs regular backups of the business data stored on the cloud-based service.

Which of the following is the primary reason for this practice?

A. If there is an interruption in Internet access, the service and records would not be accessible.

B. There is a limit on the number of users who are allowed to access the cloud-based service at any one time.

C. Data stored online through the cloud-based service is more at risk to security breaches than if it were stored locally

D. Andrea is overly cautious because it is well known that cloud-based services are highly secure, highly reliable and always available.

Correct Answer: A

QUESTION 2

Which of the following is a legal and ethical practice?

A. Copying someone else\'s written work found on the Internet and presenting it as you own, as long as it is for schoolwork.

B. Trying shareware for fee and paying for it only after you decide to keep using it.

C. Downloading copyrighted artwork and using is as background on your Web site.

D. Downloading music and motion pictures as long as they are from a peer-to-peer network.

Correct Answer: B

QUESTION 3

Digital signatures verify the integrity of the data, verify the identity of the sender, and:

A. Provide data confidentiality.

B. Enforce non-repudiation.

C. Sign digital certificate requests.

D. Create certificate requests.

Correct Answer: B

QUESTION 4

You have just finished designing a Web site to support a charity organization\\'s fund-raising efforts. You need to meet with the board members to get their feedback and address some questions before you implement the final design. The board members are dispersed throughout the country and want to avoid spending charity funds on traveling to this meeting.

Which of the following solutions would best support the charity and provide you with an opportunity to discuss the design as a group?

A. Plan a Web conference using a service such as WebEx or GoToMeeting that supports screen sharing and phone conferencing

B. Plan a Webinar that reviews the layout of the site and request that board members submit their feedback by email after the Webinar.

C. Create a PowerPoint Slideshow that contains pictures of your Web site design and create survey to gather the board members\\' feedback.

D. Create an audio Webcast and distribute it to the board members over the Internet.

Correct Answer: A

QUESTION 5

The official CIW Web site has an IP address of 72.44.192.233. Which technology allows Web users to enter the URL www.CIWcertified.com in the browser address bar to access the site, instead of having to remember and enter the IP address?

A. SSL

B. DNS

C. HTTP

D. NNTP

Correct Answer: B

QUESTION 6
