QUESTION 10

DRAG DROP

Match each Workspace ONE Intelligence Security Risk Module tab on the left with its description on the right by dragging the tab\\'s name into the correct box.

Select and Place:

Tabs		Description
Policy		It displays events identified by your Workspace ONE UEM compliance engine as compromised.
Threats		It displays events identified by your Workspace ONE UEM like devices with no passcode and devices that are not encrypted.
Vulnerabilities		It displays information from third-party security reporting services that report security data and Workspace ONE UEM that manages your Windows 10 devices.
Devices		It displays risk scores for devices managed in your Workspace ONE UEM environment.

Correct Answer:

Tabs	Description
Threats	It displays events identified by your Workspace ONE UEM compliance engine as compromised.
Policy	It displays events identified by your Workspace ONE UEM like devices with no passcode and devices that are not encrypted.
Vulnerabilities	It displays information from third-party security reporting services that report security data and Workspace ONE UEM that manages your Windows 10 devices.
Devices	It displays risk scores for devices managed in your Workspace ONE UEM environment.
