

# 100% Money Back Guarantee

**Vendor:** Cisco

**Exam Code:** 650-575

**Exam Name:** Cisco Lifecycle Services Advanced Security

**Version:** Demo

**QUESTION 1**

Which three of the following service components are included in the design phase? (Choose three.)

- A. Account Qualification and Planning
- B. Detailed Design Customer Sign-Off
- C. Staff Training
- D. Systems Acceptance Test Plan Development
- E. Proposal Development
- F. Staging Plan Development

**Correct Answer:** BDF

**QUESTION 2**

Which of the following is an activity of the site readiness assessment service component in the plan phase?

- A. Align Business Requirements to Technical Requirements
- B. Create a Plan to Recycle Used Equipment
- C. Assess Infrastructure Requirements
- D. Install and Test System Components in a Nonproduction Environment

**Correct Answer:** C

**QUESTION 3**

Which service component in the security implement phase includes activities such as executing test cases, capturing test results, and tuning test procedures?

- A. As-Built Documentation
- B. Acceptance Testing
- C. Staging
- D. Define Technical Procedures
- E. Network Ready for Use

**Correct Answer:** B

**QUESTION 4**

Which activity is performed in a security solution readiness assessment?

- A. Assess Existing Software Operations Procedures
- B. Survey Facility Site
- C. Preliminary Technology Discovery
- D. Assessment and Remediation Planning

**Correct Answer:** A

**QUESTION 5**

Which three activities are part of a security site readiness assessment service component in the plan phase? (Choose three.)

- A. Business Case Development
- B. Facility Site Survey
- C. As-Built Documentation
- D. Perform an Acceptance Test Plan
- E. Assess Infrastructure Requirements
- F. Perform Site Assessment Gap Analysis

**Correct Answer:** BEF

**QUESTION 6**

which service component in the design phase develops a plan that identifies the steps to move from an existing system to a proposed system?

- A. Business Plan Development
- B. Implementation Plan Development
- C. Business Requirements Document
- D. Staging Plan Development

**Correct Answer:** B

**QUESTION 7**

Which service component is part of the design phase?

- A. Change Management
- B. Implementation Plan Development
- C. Site Readiness Assessment
- D. High-Level Design Development

**Correct Answer:** B

**QUESTION 8**

Which service component is in the security operate phase?

- A. Change Management
- B. Operation Assessment
- C. Operations Design
- D. Security Technology Assessment

**Correct Answer:** A

**QUESTION 9**

Which design phase service component activity is part of the staging plan development?

- A. Checking Hardware and Software Configuration
- B. Detailing Installation and Service Requirements in a Controlled Implementation Environment
- C. Planning an Escalation Notification Process
- D. Present Systems Acceptance Test Plan

**Correct Answer:** B

**QUESTION 10**

Which activity is included in the security business requirements development service component in the prepare phase?

- A. Conduct Executive Sponsor Interview
- B. Conduct Initial Interview
- C. Conduct Business Requirements Workshops
- D. Hold Partner and Cisco Systems Strategy Meeting

**Correct Answer:** C

**QUESTION 11**

Which of these activities is part of the detailed design system acceptance test plan development service component in the design phase?

- A. Confirm Project and Milestone Dates
- B. Present Systems Acceptance Test Plan
- C. Present and Discuss Staging Plan at the Customer Site
- D. Discuss and Document Progress of Remediation Plan

**Correct Answer:** B

**QUESTION 12**

Which partner benefit is associated with executing a comprehensive security detailed design system acceptance test plan?

- A. Correctly implementing the customer security policies in security solution configurations
- B. Helping to improve margins and profitability by reducing the possibility of prolonged engagements
- C. Ensuring that all necessary hardware and software products are included in the design
- D. Ensuring that tools and procedures are in place for operating the solution on an ongoing basis

**Correct Answer:** A

**QUESTION 13**

which design phase service component reviews the low-level design with the customer and obtains a signed Letter of Understanding?

- A. Create a Detailed Staging Plan
- B. Implement an Acceptance Test Plan
- C. Hold a Project Kickoff Meeting
- D. Obtain a Detailed Design Customer Signoff

**Correct Answer:** D

**QUESTION 14**

What is the purpose of the technology strategy development service component in the prepare phase?

- A. Create a model network that will allow the customer to see how the proposed security technology solution will work.
- B. Include a statement of work that defines the scope of work to be completed for the proposed security solution.
- C. Create a breakdown of project tasks and responsibilities.
- D. Help identify and document the customer's current network architecture and security policies and create a gap analysis.
- E. Create a network diagram that contains network topology and location of each management console.

**Correct Answer:** D

**QUESTION 15**

Which activity describes system monitoring in the security operate phase?

- A. Define processes and principles to address, manage, and monitor the security system security-related issues
- B. Create final network documentation that reflects "as-built" information for customers, including specific design requirements and configurations.
- C. Conduct monitoring activities, and report on service-level metrics and abnormal events or trends that may adversely affect the availability, capacity, performance, and security of the security system.
- D. Document planning of assumptions and decisions; facilitate communication among stakeholders; and document approved scope, cost, and schedule baselines

**Correct Answer:** C

# Trying our product !

- ★ **100%** Guaranteed Success
- ★ **100%** Money Back Guarantee
- ★ **365 Days** Free Update
- ★ **Instant Download** After Purchase
- ★ **24x7** Customer Support
- ★ Average **99.9%** Success Rate
- ★ More than **69,000** Satisfied Customers Worldwide
- ★ Multi-Platform capabilities - **Windows, Mac, Android, iPhone, iPod, iPad, Kindle**

## Need Help

Please provide as much detail as possible so we can best assist you.

To update a previously submitted ticket:

 <b>One Year Free Update</b> <p>Free update is available within One Year after your purchase. After One Year, you will get 50% discounts for updating. And we are proud to boast a 24/7 efficient Customer Support system via Email.</p>	 <b>Money Back Guarantee</b> <p>To ensure that you are spending on quality products, we provide 100% money back guarantee for 30 days from the date of purchase.</p>	 <b>Security &amp; Privacy</b> <p>We respect customer privacy. We use McAfee's security service to provide you with utmost security for your personal information &amp; peace of mind.</p>
