The screenshot shows the 'Design' configuration page in Magento. At the top right, there is a 'Save Config' button. The page is divided into two main sections: 'Package' and 'Themes'.
In the 'Package' section, the 'Current Package Name' is set to 'my_pkg'. Below this, there is an 'Add Exception' button and a note: 'Match expressions in the same order as displayed in the configuration.'
In the 'Themes' section, there are several rows, each with a label, a text input field, and a '[STORE VIEW]' link:
- 'Translations' is set to 'my_theme'.
- 'Templates' is set to 'christmas'.
- 'Skin (Images / CSS)' is set to 'my_theme'.
- 'Layout' is an empty field.
- 'Default' is set to 'common'.
Each row also has an 'Add Exception' button. A large watermark 'Pass4itSure.com' is overlaid diagonally across the page. A QR code is located in the bottom right corner.
