- B. Combine requests into a single response
- C. Read and write data to external systems
- D. Read and write data to Salesforce

Correct Answer: AD

QUESTION 12

In which two cases should an integration procedure be used as a data source for FlexCards and OmniScripts? Choose 2 answers

- A. To achieve elastic scaling
- B. To retrieve multiple data sources in a single response
- C. To minimize the number of elements to be configured
- D. To separate the user interface from changes in the data sources

Correct Answer: BD

QUESTION 13

Which Action element redirects the user outside an LWC OmniScript?

- A. Response
- B. Done
- C. Post to Object
- D. Navigate

Correct Answer: D

QUESTION 14

A company plans to use OmniScript to digitally transform its business. During the discovery phase of the project the team reviews all of the business processes including the individual steps of each process. As a result of analysis, it is clear that many processes need to update contact data at different points in the process.

What solution should the consultant recommend to efficiently meet these requirements?

- A. Create an Integration Procedure to update contact data with "Chain On Step" enabled and invoke it from all OmniScripts.
- B. Create an OmniScript that uses the reusable property to update contact data and embed it in other OmniScripts.

- C. Create an OmniScript to update contact data and invoke it when other OmniScripts complete.
- D. Create a FlexCard for contacts, and add an Update Contact Details OmniScript as an action.

Correct Answer: B

QUESTION 15

A business has a requirement to display an account and all of the associated contacts on a page. The number contacts will vary for each account. For each contact, the page should display first name, last name, email, and phone number with options to edit the contact information or send a message. The primary contact for an account should be highlighted with a blue border.

Which two FlexCards features should the consultant recommend to meet these requirements? Choose 2 answers

- A. Datatable
- B. Flyouts
- C. States
- D. Repeat Block

Correct Answer: AC
